State Governments on inclusion of women in the Saving-cum-Relief, scheme have been requested, since the scheme is partly funded by State Governments, A decision on the proposal will be take after ascertaining the views of State Governments.

(iv) *Import of Fish:* The fear that import of fish will destroy the fishing industry is misplaced. The *import of* fish into the country is limited. Moreover, the fish processing infrastructure in the country is utilized to the extent of 20 per cent of the installed capacity only. Import of fish as raw material by processors/exporters is generally for re-export. This encourages employment generation, apart increasing exports.
